Sambar Bull Hunt on Powderhorn Ranch

An exclusive trip like no other...this is your chance to experience the scenic Powderhorn Ranch in Calhoun County! Enjoy a two (2) night stay and one (1) day hunt for one (1) Sambar bull. Lodging and meals provided on property at historic camp house overlooking Matagorda Bay. This trip is for one (1) hunter and one (1) non-hunting guest. Hunt dates to be mutually agreed upon in October 2018. The Powderhorn Ranch is 17,000-acre mosaic of dense live oak forests, coastal prairies, salt marshes and wetlands adjacent to Port O'Connor. The ranch is one of the largest remaining undisturbed tracts of native coastal prairie habitat left in Texas offering sweeping, unobstructed views of tallgrass prairies and marshland and 11 miles of tidal bay front that protect vitally important seagrass beds and mollusk reefs.

Its environmental significance cannot be overstated. Federally endangered whooping cranes currently winter just 15-30 miles south of Powderhorn. The ranch's saltwater wetlands also offer important, year-round habitat for shorebirds, wading birds and waterfowl. Elsewhere, extensive woodlands and freshwater wetlands provide critically important "fall-out areas" for migrating songbirds, particularly during spring migration when, exhausted from their flights across or around the Gulf of Mexico, birds use these areas to rest and refuel. And the ranch enjoys several miles of Matagorda Bay frontage with the bays and flats along the shoreline being important nurseries for a variety of fish and shellfish, including brown shrimp, redfish, spotted sea trout and blue crab.
