

*Additional*  
**Programs of the  
Texas Wildlife Association**

## OUR GOAL:

Texas' growing population complicates natural resource management across the board and intensifies the need for innovative and flexible government policies that will protect our natural resources and private property rights for future generations of Texans.

We are on the front lines helping our elected state and national officials understand the importance of private landowners and responsible stewardship of our lands and wildlife.

**Texas Big Game Awards, Texas Youth Hunting, & Adult Learn to Hunt Programs** educate Texans about the importance of wildlife management and the integral role that hunting plays in conserving habitat and stewarding wildlife, while instilling respect and love for the outdoors.

# Texas Youth Hunting Program

Goal: Provide opportunities for youth to participate in hunting activities safely, legally, and ethically, while learning about the valuable role landowners and hunters play in wildlife conservation.

The TYHP program provides young Texans ages 9 – 17 the opportunity to participate in youth hunting activities safely, legally and ethically, while learning about the valuable role landowners and hunters play in wildlife conservation.

# Three Components

Youth 9-17

**1**

- *Hunter Education Completion Required*
- *Adult Requirement*

Landowners

**2**

- *Insurance provided*
- *Wildlife Management*

Volunteers

**3**

- *Training provided*
- *Background Checked*

# Adult Learn to Hunt Program

We focus our mission on novice hunters with an interest in forging a connection between conservation hunting and sustainable eating. As land stewards, we know the many challenges of participating in traditional outdoor activities and aim to break down those barriers for our fellow Texans.

Hunts are typically 3 days/2 nights and consist of firearms training and safety, harvest shot placement, field dressing/butchering techniques, and a personal mentor that will be with each hunter throughout the hunt.

# Texas Big Game Awards

Goal: Promote the role hunting plays in wildlife and habitat conservation and encourage cooperation among stakeholders who are passionate about conserving Texas wildlife habitat forever.

**THE OFFICIAL HUNTING  
PROGRAM OF TEXAS**

[www.texasbiggameawards.org](http://www.texasbiggameawards.org)

# Texas Big Game Awards

## **The program recognizes:**

- The importance of our hunting heritage
- The landowners who work to achieve healthy habitats
- The quality of big game animals in Texas
- The achievements of young and new hunters
- The hunters who harvest these animals

# **JOIN Texas Wildlife Association and help us IMPACT Texas!**

Texas Wildlife Association (TWA) is the parent of all of the programs you just heard about. It is our members that help make this all possible. TWA is a membership run organization and without our members' support, we would not be where we are today.

Join us as we continue to 'Impact Texas' together by taking more kids hunting, educating more students in our schools, protecting the land we all love and fighting for our hunting heritage. We need you!
